TallyFox Tallium – knowledge discovery made fun and easy

Discover people and content relevant to you

Discover Experts:

Relevant people automatically highlighted, and suggested based on your interests.

Get Answers:

Find correct answers to your questions, or be notified when you're the expert.

Discover Content:

Ranked and relevant content is suggested (e.g. documents, articles, work groups, discussions...)

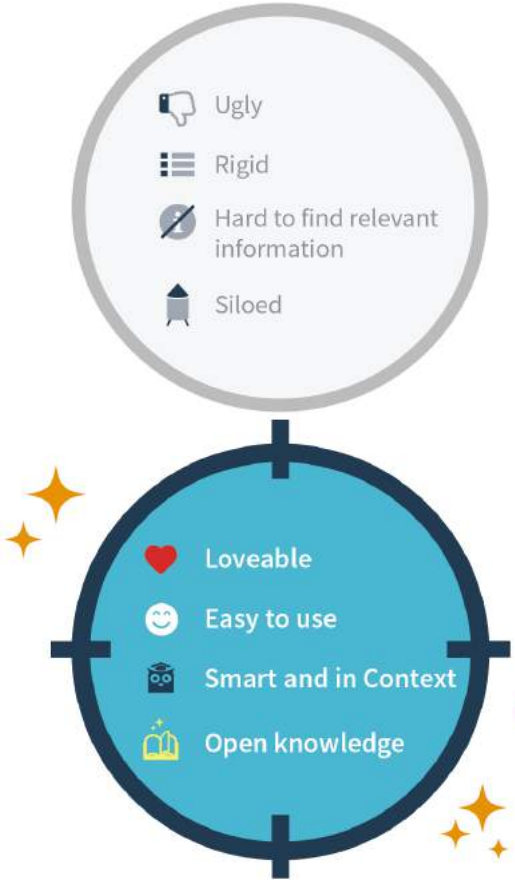
As human knowledge doubles every 13 months, existing IT Solutions fail



This is the **Current market** situation…

…but this is what the **Market needs!** Open knowledge.

Product configurations – Community and Network

Product Options

TallyFox Tallium is a flexible platform,
delivered in two options: Tallium Community or Tallium Network.
Start fast with one Community or multiple teams
and link them into a Network with ease as you grow.

Tallium Community:

2 - level structure

Community & Groups

Standard branding

200 GB Storage

Mobile App

Tallium Network:

3 - level structure

Network, Community & Groups

Custom themes

1 TB Storage

Dedicated Apps

White-label

Differences: Network, Community, Group

Group

Single-level
Own branding
Custom roles
Privacy settings
Membership settings[1]
Selectable features
Custom email templates
Management panel
Moderated content
Custom widgets
Tallium analytics
Inherited categories
Inherited taxonomy

Community

Everything in groups plus:

Sub-URL (ie. “community”.network.com)
Two-levels (community + groups)
Define own categories
Define own taxonomy
Control group features
Take-over group management
Own language
Piwik analytics

Network

Everything in Communities plus:

Base URL
Custom white labeled (color theme, footer…)
Three-levels (Network + community + groups)
Define own + default categories
Define own + default taxonomy
Take-over Community management

[1] Membership can be “ring-fenced” for private client areas

This is a functional comparison.
Who has the rights to do any of these is defined by member roles.

TALLYFOX

Ranking of people and content

Benefits

Member Ranking

- Assess member's experience based on education, years of working, highest job title, etc…
- Community Tally adds to member's total rank to identify most active contributors.
- Highlight domain experts, & reduce time to answer questions

Content Ranking

- Content (e.g. answers) are awarded more points from members with higher experience, matching knowhow, recommendations, or expert roles.
- Ranked content enhances SmartMatchPro™
